

Tank Container

Allegro Freight Services provides tank containers which are approved to the highest standards. Depending on the characteristics of the products to be carried the requirements vary.

We offer our service on operational, technical and regulatory questions.

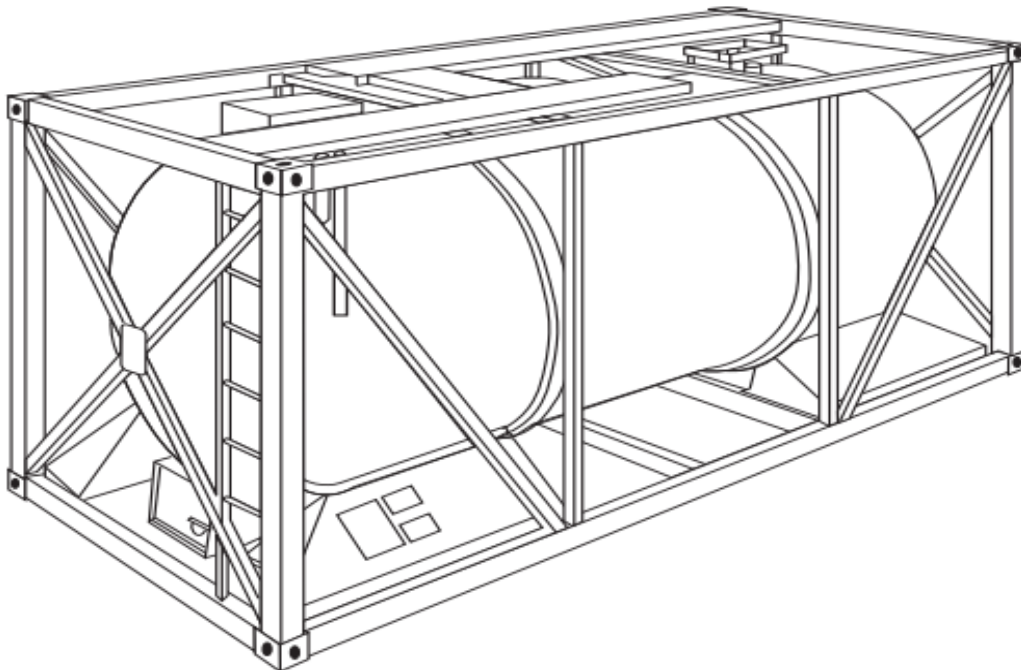

Separate tank fleets are available for:

Foodstuffs, e.g.

- Alcohols
- Fruit juices
- Edible oils
- Food additives

Chemical Products, e.g.

- Flammables
- Oxidizing agents
- Toxic substances
- Corrosives
